O R D E R

On July 27, 1994, the Aqua Corporation and Kentucky Water Service Company, Inc. ("Aqua/KWS") applied for approval of a special contract with the University of Kentucky. Under the contract, Aqua/KWS would oversee construction of a water main extension to property upon which the University of Kentucky is building a community college campus in Middlesboro, Kentucky.

In its petition, Aqua/KWS states that there is a need for the extension, that it will not materially affect the existing financial condition of the company, that it will not cause any increase in rates, and that it will not result in any unnecessary duplication of existing facilities. Based on the record and being sufficiently advised,

IT IS ORDERED that the petition of Aqua/KWS for approval of its contract with the University of Kentucky for extension of a water main to the community college campus in Middlesboro, Kentucky, is granted and the contract is approved.

Done at Frankfort, Kentucky, this 1st day of August, 1994.
